

Little House of Science

Christmas 2025

15-19 December

The Science Discovery Lab: Where Physics, Chemistry, and Biology collide! (5-7y)

9am -11am

11.30-1.30am

2pm- 4pm

DAY 1 Monday Masters of the Universe: Newton, Einstein & Hawking

- *What Is Gravity? — The Science of Staying Grounded at Christmas!*
- *Reindeer Dynamics: Unpacking Newton's Laws*

DAY 2 Tuesday: Biology: A Festive Look at DNA and Anatomy

- *Better Together: The Amazing World of Symbiosis*
- *A Journey Through Nutrition or What's on our Christmas Plate*

DAY 3 Wednesday Botany and Evolution and Engineering

- *The Power of Seeds*
- *How Do Helicopters and Dragonflies Fly? Unveiling the Secrets of Spinning Wings*

Little House of Science 2025 | info@littlehouseofscience.com | www.littlehouseofscience.com |
Science Term Classes | Holiday Camps | Private Classes | Schools & Nurseries | Video Classes | Books

DAY 4 Thursday A Day in Cosmos

- *Our Brilliant Sun: Unlocking the Secrets of Solar Power and Energy*
- *Sky Architects: The Science of Clouds*

DAY 5 Friday: The World of Chemistry

- *Matter in Action: Investigating Materials and Their Powers*
- *What are the States of Matter? The Science of Extreme Transformations!*
